**FROM:** Janet Wolfson/Joanne Sprouse Human Services

**RE:** Updated CCCAP policies

---

As previously discussed on June 25<sup>th</sup>, 2019, the County's existing CCCAP policies have been revised to reflect the requirements of Colorado House Bill 18-1335, County Child Care Assistance Program Block Grants. These changes include the following:

- Policy #2: Increase in entry level to 265% of FPL.
- Policy #2: Exit level is now 85% of State Median Income.
- Policy #11: Updates on Provider Fiscal Agreements reflecting new timelines, potentially three years, and items for submission which includes handbooks.
- Policy #15: New payments for absences and holidays; these will no longer be rolled into provider rates but billed to CCCAP by providers.
- Policy #16, #17, and #18: New payments for registration, activity fees, and transportation; these will no longer be rolled into provider rates but billed separately by providers with each having a yearly maximum.
- Policy #31: Initiation of waitlist, including exemption categories.
- Policy #32: Addition of External Fraud Policy, Internal Fraud Policy, and Security Profile Policy as required by HB1335.

Staff recommends approval of the updated CCCAP policies to ensure compliance with HB18-1335.
