13. General Information for all Persons. The Public Health Director strongly recommends that residents and visitors cancel or avoid all non-essential events, regardless of size, where appropriate social distancing and preventative measures may not occur.

Visitors to or non-full time residents of Summit County are strongly encouraged to return to their primary residence as soon as practicable, and comply with Governor Polis' recommendations regarding self-quarantine.

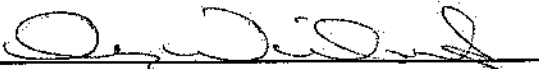

In accordance with Governor Polis' Executive Order D 2020 007, all public and private elementary and secondary schools, including public preschools on public school campuses shall remained closed through April 17, 2020.

These actions are some of the most available and effective tools to help slow the spread of the virus in our community – and, importantly, to reduce the number of potential deaths caused by

COVID-19. By slowing the spread, we have a chance to protect our family, friends, and neighbors who are at risk for severe illness. In particular, this includes all adults over age 60 and anyone with an underlying health condition.

These actions will limit the cascading impacts on critical services due to high absenteeism if large numbers of workers become ill. This Order and actions will help hospitals, first responders, and other health care services continue to provide services for those who need them (along with utilities, human services, and businesses) in the coming weeks and months. Collective action can save lives and is in support of the most vulnerable in our community. The more united we can be in preventing the spread the greater the benefit for the whole community.

14. Penalties. Failure to comply with this Order is subject to the penalties contained in Section 25-1-516 and 18-1.3-501, Colorado Revised Statutes, including a fine of up to five thousand (\$5,000) dollars and imprisonment in the county jail for up to eighteen (18) months.
