

IECC Training Overview:

The Colorado Energy Office is providing free training on the 2015 and 2018 IECC. Training topics are relevant to architects and designers, contractors, energy consultants, HERS raters, permit counter technicians, plans reviewers and inspectors.

Live webinars will be offered as part of the Wednesday Webinar Series. Additional training topics, or in-person trainings may also be requested for groups of 15 or more.

Calendar of All Trainings:
