

**TABLE 1
DISPOSAL DISTRICT GOALS AND POLICIES**

GOALS	POLICIES
<p>Goal 1: Encourage the continued development of an integrated solid waste management system that will assist jurisdictions in maximizing waste reduction efforts by enhancing existing programs and services as well as developing new cooperative activities and projects.</p>	<p>Promote collaboration by the County, towns and special districts in Summit County, to support and contribute to:</p> <ul style="list-style-type: none"> a. the implementation of programs and services that maximize the source reduction of waste; b. the recycling of reusable materials; c. the mulching and composting of organic materials; d. the continuation and expansion, as necessary, of programs that contribute to the reduction, reuse, and recovery solid waste, and proper disposal of household hazardous waste (HHW); and e. assist in the investigation and development of new diversion programs.
<p>Goal 2: Eliminate or reduce barriers and promote intergovernmental collaboration and cooperation among jurisdictions, agencies, and the private sector in order to create new opportunities for development and implementation of diversion programs.</p>	<p>The Zero Waste Subcommittee will be a primary forum for addressing solid waste issues on a countywide basis. The Zero Waste Subcommittee will provide a forum that will:</p> <ul style="list-style-type: none"> a. endeavor to coordinate and encourage the cooperative exchange of ideas to address solid waste issues on a countywide basis; b. promote the development of intergovernmental and public-private agreements that will assist with program integration; c. foster communication between the public to exchange ideas; d. develop on-line resources for disseminating waste reduction and diversion information to jurisdictions and the public; e. pursue grant funding to promote the Disposal District plans and objectives.

<p>Goal 3: Increase public awareness of solid waste management (diversion/disposal) issues, and the public’s participation in source reduction, recycling, composting, household hazardous waste management programs, and other waste diversion efforts.</p>	<p>The Zero Waste Subcommittee and County will provide and assist jurisdictions in securing public education and promotional materials addressing various aspects of the integrated solid waste system including:</p> <ul style="list-style-type: none"> a. source reduction; b. recycling; c. reuse; d. composting; and e. management of the remaining residual solid waste to ensure the protection of public health and safety.
<p>Goal 4: Demonstrate public leadership in solid waste management by implementing appropriate programs and practices within the public sector</p>	<p>Summit County will implementing appropriate solid waste management programs and practices within its own operations that reflect the applicable goals, policies, and objectives of the Disposal District plan.</p>
